

Around the World

Years 1 & 2 We will be exploring the world and contrasting The UK with India! We will learn about the climate, cuisine and culture of India and how the differences and similarities to our own. We will explore emotions and the concept of bravery in our writing. In science we will continue to learn out living things and their habitats and have a go at creating a home for a different climate.

Main Text	Tiger Walk- Dianne Hofmey	Additional Texts	Grandad's Camper Non-Fiction texts about India
English	Dairy entry Non-Fiction writing about India	Maths	Year 1- Numbers to 100 Money Time Year 2- Problem solving and efficient methods Position and Direction Statistics
Science	Living things and their habitats Scientist: William Kirby (father of modern entomology, study of insects) Understanding the differences between things that are alive, and those that are dead and those that have never been alive. Recognising that most living things live in a specific habitat and understanding how the habitats support them to live healthily.	P.E.	Fundamental Movement Skills Spatial awareness, large and small movements Mini-movers – object control To develop confident control and movements, different ways of looking for and finding space. To learn and understand the game of Boccia. Running, jumping, throwing

	Recognising and naming some plants found in the local habitat. Understanding how some animals obtain their food from plants, and how some animals obtain their food from other animals.		To develop FM Skills in order to successfully complete the Quad Kids assessment. To further build individual and team skills.
History		Geography	Study human and physical geography of the UK and a contrasting non-European country What is life like for a child in India? Understand the geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom and a small area in a contrasting non-European county (India)
PSHE	Exploring emotions	RE	1.5 What makes some places sacred?
Computing	Programming B – Programming animations (Year 1 only) Programming B – Programming quizzes (Year 2 only)	Music	Charanga – Into the Groove
Art		Design	A home for a different climate Pupils will design and make their own home for a different climate. They will explore with different materials and build appropriate structures, exploring how they can be made stronger, stiffer and more stable. Pupils will explore and use mechanism such as levels, sliders in their products. They will then evaluate their product and evaluate them against the design criteria.
